DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- ◊ **Cancel claims 28-81.**

Allowable Subject Matter

Claims 1-27 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: Claim 1 recites a long preamble which was not originally granted patentable weight by the Examiner, as per Applicant's arguments dated 12/05/03, it is clear that the preamble should be afforded patentable weight. Upon consideration of the Applicant's arguments; combining the limitations of claim 1 and the preamble, prior art of record fails to teach all of the features recited in claim 1 in combination. Consequently, claim 1 is deemed to be allowable over prior art. Claims 2-27 act only to further limit the allowable subject matter of claim 1 and are therefore also deemed to be allowable.
